Government-wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. Since the Village of Hildreth reports on a cash basis of accounting, the value of fixed assets is not recorded on the balance sheet nor is the amount of debt obligations recorded on the balance sheet. It is therefore not possible to make a comparison of total assets net of liabilities based on the financial statements. Total cash assets, including bank accounts, certificates of deposit, and cash on deposit with county treasurer, for the year ending September 30, 2022, were $592,362. In 2022 total revenues were $835,614 and total disbursements were $879,473. These amounts compare to 2021 total assets of $636,221, revenues of $884,133 and expenses of $864,087. This decrease in revenues is explained by the 2021 utility fund loan proceeds of $60,000 and Federal ARPA Grant funds of $31,150. The increase in total 2022 disbursements is explained by higher fuel and park and pool maintenance costs in the general fund, fuel and capital outlay costs in the road fund, and sublet costs in the utility fund.

Financial Analysis of the Government's Funds

As noted earlier, the Village of Hildreth uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Village of Hildreth's governmental funds is to provide information on the current inflows, outflows, and fund balances. Such information is useful in assessing the Village of Hildreth's financing requirements.

At the end of the current fiscal year, the Village of Hildreth's governmental funds reported combined ending fund balances of $515,837. This was a decrease from the prior year of $25,880. The change was the result of the deficiency of revenues over expenses of $103,682 increased by utility fund transfers of $77,802.

The general fund is the chief operating fund of the Village of Hildreth. At the end of the current fiscal year, the fund balance was $29,304. General fund revenues were $165,609, an increase of $14,713 from 2021. General fund disbursements were $181,877, which was higher by $23,871 than the prior year. Road fund revenues of $75,769 were a decrease of $6,573 from last year. Factors in this decrease were decreases in Highway Allocation and vehicle sales tax collections, both of which showed increases last year. Road expenses in 2022 were higher than the prior year by $14,430. In 2021 there was a decrease in Road expenses (from the prior year) of $13,956. When total street repairs and capital outlay are combined, the total cost in 2022 was higher by $18,768. Library fund revenues in 2022 were lower than the prior year by $14,623 due to significantly higher 2021 grants, donations and memorials. Total library expenses in 2022 were $88,355, compared to $90,771 in 2021.

Proprietary funds. The Village of Hildreth's proprietary fund provides the same type of information as that found in the government-wide financial statements. Only one fund – the utility fund – is listed as a proprietary fund. This utility fund reports activity in electric, water, sewer, and trash collection services. After sales tax, 2022 utility collections increased $31,230
