1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgetary Process

The County adopts an annual budget in accordance with the statutory requirements of the Nebraska Budget Act and County Budget Act of 1937. The budget is prepared on the cash receipts and disbursements basis of accounting. The budget contains only those receipts actually received by the County Treasurer. The County does not utilize an encumbrance accounting system. All appropriated spending authority lapses at the end of the fiscal year.

On or before August 1, the County budget-making authority prepares and transmits a budget for each County fund to the County Board. The budget includes the requirements, the outstanding warrants, the operating reserves to be maintained, the cash on hand at the close of the preceding fiscal year, the receipts from sources other than taxation, and the amount to be raised by taxation. The County Board adopts the budget and appropriates the amounts specified in the budget for the departments, offices, activities, and funds of the County.

The County Board is authorized to transfer budgeted amounts between departments within any fund through resolution; however, if revisions are made that alter the total disbursements of any fund, an additional public hearing must be held. The legal level of budgetary control for the General Fund is at the function level, and the special revenue fund types are at the fund level. The County Board is also authorized to budget for the transfer of money between County funds.

2. DEPOSITS AND INVESTMENTS

The County has generally pooled the cash resources of the various funds for investment purposes. Interest earned on pooled funds is credited to the County General Fund in accordance with Neb. Rev. Stat. Sec. 77-2315 (Reissue 2018).

At year end, the County's carrying amount of deposits was $17,992,738 for County funds and $714,083 for Fiduciary funds. The bank balances for all funds totaled $19,857,747 For purposes of classifying categories of custodial risk, the bank balances of the county's deposits, as of June 30, 2023, were either entirely insured or collateralized with securities held by the County's agent in the County's name.

3. TAXES

Property taxes are levied by the County Board on or before October 20 of each year for all political subdivisions in the County. Real estate and personal property taxes are due and attach as an enforceable lien on January 1 following the levy date, and they become delinquent in two equal installments on May 1 and September 1. Motor vehicle taxes are due when application is made for registration of a motor vehicle.

3. TAXES (Continued)

Counties are permitted by the State Constitution to levy a tax of up to $.50/$100 of assessed valuation for general governmental services other than the payment of principal and interest on bonded debt. Counties may levy taxes in addition to the 50-cent limitation upon a vote of the people.

The levy set in October 2022, for 2022 taxes, which will be materially collected in May and September 2023, was set at $0.180000/$100 of assessed valuation. The levy set in October 2021, for the 2021 taxes, which were materially collected in May and September 2022, was set at $0.170066/$100 of assessed valuation. The amount collected for the motor vehicle tax is outlined in State statute.

Additionally, there is currently a statutory lid limitation, which limits taxation to the prior year's level, with provisions for growth. The lid may be increased by 1% upon the approval of a three-fourths majority of the County Board.

The tax receipts classification also contains collections from the assessment of inheritance taxes, 911 surcharges, occupation taxes, and lodging taxes.

4. RETIREMENT SYSTEM

The Retirement System for Nebraska Counties (the Plan) is a multiple-employer plan administered by the Public Employees Retirement Board in accordance with the provisions of the County Employees Retirement Act. The Plan consists of a defined contribution option and a cash balance benefit. The cash balance benefit is a type of defined benefit plan. The Plan provisions are established under Neb. Rev. Stat. Sections 23-2301 through 23-2334 (Reissue 2022) and may be amended through legislative action.

Participation in the Plan is required of all full-time employees. Part-time (working less than one-half of the regularly scheduled hours) employees may elect voluntary participation upon reaching age 18. Part-time elected officials may exercise the option to join.

County employees and elected officials contribute 4.5% of their total compensation. In addition, the County contributes an amount equal to 150% of the employee's contribution. The contribution rates are established by State Statute Sections 23-2307 and 23-2308 and may be amended through legislative action. The employee's and employer's contributions are kept in separate accounts. The employee's account is fully vested. The employer's account is fully vested after three years of participation in the system or credit for participation in another governmental plan prior to actual contribution to the Plan. Non-vested County contributions are forfeited upon termination. Forfeitures are used to cover a portion of the pension plan's administrative expenses. Prior service benefits are paid directly by the County to retired employees. The Plan's financial statements, including pension costs
