   Findings: Water sales decreased by 8.42% compared to the prior fiscal year. This was attributable to drought in the prior year. Water usage increased by 41.84% compared to the prior fiscal year. This additional increase was primarily due to the municipality's own water usage for the three new ballfields that were built in May 2023.

   a. Inspect for erasures or alterations and determine the clerical accuracy of the statement totals

   c. Investigate any large or unusual transactions
