RECONCILIATION:

Total net change in fund balances for the governmental funds.	$ (37,536,174)
Amounts reported in the governmental activities in the government-wide statement of activities are different because:	
Unavailable revenues represent funds not available in the current period and, therefore, are not recognized as revenues in the governmental funds.	148,526
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays of $63,069,558 exceed depreciation expense of $7,440,169.	55,629,389
Governmental funds do not report gains or losses from the disposal of capital assets. However, they do record the proceeds received from disposals of capital assets. This is the amount of losses incurred from the disposals of capital assets plus proceeds, if any.	(2,175,726)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. These include the changes in the following accounts from the prior year: compensated absences $773,889; interest payable $147,683; OPEB liability ($9,422); intangible lease assets ($49,381); intangible subscription assets $178,565; pension related deferred outflows $13,529,982; OPEB related deferred outflows $61,137; OPEB related deferred inflows $48,915; pension related deferred inflows 3,541,601; net pension asset (liability) ($20,951,209).	(2,728,240)
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term debt in the statement of net position. These include bond principal payments $6,650,000; amortization of bond premiums and discounts $287,348; payments on notes payable $175,231; lease financing ($37,616); lease payable payments $80,068; subscription financing ($376,926); subscription payable payments $363,764.	7,141,869
Changes in net position of governmental activities.	$ 20,479,644
