FINANCIAL ANALYSIS

Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of the Coalition's financial position. The Coalition's net position for FY 2025 totaled $19,054,323. This compares to $15,491,194 and $13,461,865 for FY 2024 and FY 2023, respectively. A summary of the Coalition's net position is presented below.

	September 30		
	2025	2024	2023
Current assets	$ 9,307,460	$ 7,752,897	$ 6,198,022
Restricted assets	10,569,164	10,567,466	9,080,196
Net property, buildings, and equipment	7,126,406	7,410,415	7,404,489
Total assets	27,003,030	25,730,778	22,682,707
Current liabilities	262,721	425,203	232,071
Noncurrent liabilities	7,685,986	9,814,381	8,988,771
Total liabilities	7,948,707	10,239,584	9,220,842
Net investment in capital assets	7,126,406	7,266,549	7,377,113
Restricted net position	2,883,178	753,085	91,425
Unrestricted net position	9,044,739	7,471,560	5,993,327
Total net position	$ 19,054,323	$ 15,491,194	$ 13,461,865

The increase in current assets in FY 2025 and FY 2024 is primarily due to an increase in cash as a result of cash provided from operations. Cash and investments went from approximately $5.82 million in FY 2023 to $7.47 million in FY 2024 to $8.91 million this year.

Restricted assets remained relatively unchanged, increasing $1,698 or 0.02% in FY 2025 compared to an increase of $1,487,270 or 16.4% in FY 2024. The increase in the prior year is due to an increase in cash and investments held for closure/postclosure care costs. The decrease in interest rates on long-term treasuries caused an increase in fair market value of investments held for closure/postclosure care costs in the prior year.

Net property, buildings, and equipment decreased $284,009 from the prior year primarily due to normal depreciation of assets. This also decreased net investment in capital assets $140,143 in FY 2025 and $110,564 in FY 2024.

Noncurrent liabilities went from $9,814,381 last year to $7,685,986 this year, a decrease of $2,128,395 or 21.7%. During the year a permit modification was approved that increased landfill capacity 3,880,043 tons. This reduced the accrued closure/postclosure care costs and extended the landfill life 26 years. See Note 4 in the financial statements for more information. In FY

2024, noncurrent liabilities increased $825,610 or 9.2% due to normal use of the landfill and an increase in estimated costs as a result of inflation.

In the current year restricted net position increased $2,130,093 due to the decrease in accrued closure/postclosure care costs. In the previous fiscal year restricted net position increased $661,660 due to the increase in fair market value of investments held for accrued closure/postclosure care costs. Unrestricted net position increased $1,573,179 in FY 2025 and $1,478,233 in FY 2024 due to normal operations of the Coalition, which resulted in unrestricted net position of $9,044,739, $7,471,560, and $5,993,327 in FY 2025, FY 2024, and FY 2023, respectively.

Statement of Revenues, Expenses and Changes in Net Position

Operating revenues consist of tipping fees for disposal of waste at the Coalition's landfill in Stanton County. Coalition waste is primarily received from transfer stations of member communities. The Coalition's tipping fee remained at $24 per ton for both years. Tonnage decreased 2,165 tons in the current year going from 142,614 tons to 140,449 tons, which decreased user charges $59,170 or 1.7% in the current year. From FY 2023 to FY 2024 tonnage increased 16,672 tons due to adding 19 member communities, increasing user charges by $423,352 or 14% in the prior year.

The Coalition hired Waste Connections to perform day-to-day landfill operations. Payments to Waste Connections are included in disposal fees. The scale operators at the landfill are Coalition employees. Payroll and related taxes and benefits on the operating statement are for wages and fringe benefits paid to these two employees. The utilization of capital assets is reflected in the financial statements as depreciation which allocates the cost of an asset over its expected useful life. Nonoperating revenue consists of interest income and any increase in the fair value of investments. Nonoperating expense is any decrease in fair value of investments.

A summary of revenue, expenses and changes in net position for the fiscal years ended September 30 2025, 2024, and 2023 follows:

	September 30		
	2025	2024	2023
Operating revenues:			
User charges	$ 3,396,933	$ 3,456,103	$ 3,032,751
Total operating revenues	3,396,933	3,456,103	3,032,751
Operating expenses:			
Payroll and related taxes and benefits	112,664	105,986	102,017
Disposal fees	1,374,673	1,341,699	1,244,697
Repairs and maintenance	8,673	98,782	10,162
General and administration	262,981	305,202	288,977
Closure/postclosure costs	538,352	825,610	916,182
Depreciation	302,292	362,181	340,648
Total operating expenses	2,599,635	3,039,460	2,902,683
Operating income	797,298	416,643	130,068
Nonoperating revenue (expense):			
Net increase (decrease) in the fair value of investments	(487,829)	1,027,085	(1,084,817)
Investment income	586,912	585,601	582,444
Total nonoperating revenue (expense)	99,083	1,612,686	(502,373)
Change in total landfill capacity - See Note 4	2,666,748	-	4,313,121
Change in net position	3,563,129	2,029,329	3,940,816
Net position, beginning of year	15,491,194	13,461,865	9,521,049
Net position, end of year	$ 19,054,323	$ 15,491,194	$ 13,461,865

Disposal fees increased $97,002 or 7.8% from FY 2023 to FY 2024 due to an increase in tonnage, and then increased $32,974 or 2.5% from FY 2024 to FY 2025 due to inflation. Payroll and related taxes and benefits increased $6,678 or 6.3% in the current year and $3,969 or 3.9% in the prior year, primarily due to a cost of living adjustment of 2.5% for FY 2025 and 3.5% for FY 2024, as well as comparability adjustments implemented in FY 2025. Repairs and maintenance decreased $90,109 in the current year due to a large increase in FY 2024 after a heavy rain required hauling leachate offsite. General and administration decreased $42,221 in FY 2025 and increased $16,225 in FY 2024 due to engineering fees in FY 2024 for permit modification.
