2. The Sewer Fund owes the Water Fund $51,600.95. This balance should be repaid when funds are available.

3. While auditing payroll, we noted numerous payroll items that are not being posted to wage accounts. We recommend updating the payroll distribution so only wage accounts are used for gross payroll postings.

Other Matters

We applied certain limited procedures to the Management Discussion and Analysis and the budgetary comparison schedules, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the nonmajor governmental combining statements, the component unit combining statements, and the schedule of expenditures of federal awards which accompany the financial statements but are not RSI. With respect to the supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the use of the City Council and management of the City of Wayne and is not intended to be and should not be used by anyone other than these specified parties.

AMGL, PC.
