special revenue funds, two debt service funds, and seven capital project funds, all of which are considered major funds.

The City of Kearney adopts an annual appropriated budget for its general fund and major special revenue funds. A budgetary comparison statement has been provided for the general fund and all major special revenue funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 18-28 of this report.

Proprietary funds. The City of Kearney maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Kearney uses enterprise funds to account for its golf, solid waste disposal, sanitation, sanitary sewer, water, storm water, and airport. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City of Kearney's various functions. The City of Kearney uses internal service funds to account for its health and dental insurance benefits, property and casualty insurance, workers compensation insurance, central stores, and vehicle maintenance. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within the *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the golf, solid waste disposal, sanitation, sanitary sewer, water, storm water, and airport, all of which are considered to be major funds of the City of Kearney. Conversely, all five internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

The basic proprietary fund financial statements can be found on pages 29-33 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City of Kearney. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City of Kearney's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 34-35 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 36-77 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*.

Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	196,013,613
Internal service funds are used by management to charge the costs of health and dental insurance, property and casualty insurance, workers compensation insurance, central stores, and vehicle maintenance individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	1,821,855
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	(62,826,814)
Net position of governmental activities	$ 202,053,443

The notes to the financial statements are an integral part of this statement.

H. Subsequent events

Upon evaluation, Management notes that there were no material subsequent events between the date of the financial statements and the date that the financial statements were issued or available to be issued, January 31, 2023.

I. Schedule of expenditures of federal financial awards

The accompanying Schedule of Expenditures of Federal Financial Awards includes the federal grant activity of the City of Kearney under programs of the federal government for the year ended September 30, 2022. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Because the schedule presents only a selected portion of the operations, it is not intended to and does not present the financial position, changes in net position or cash flows of the City of Kearney.

Expenditures reported on the schedule are reported on the cash basis of accounting. Such expenditures are recognized following cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
