Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Sarpy County, Nebraska maintains over forty individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, road funds, and COVID American Rescue Plan fund, each of which are considered to be major funds. All other special revenue funds are combined and are shown as non-major funds.

Budgetary comparison schedules are included in the basic financial statements for the general fund, road funds, and COVID American Rescue Plan fund. These statements and schedules demonstrate compliance with the County's adopted and final revised budget.

Proprietary funds are reported in the fund financial statements and generally report services for which the County charges customers a fee. There are two kinds of proprietary funds. There are enterprise funds and internal services funds. Enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services are provided to customers external to the County organization. The County's landfill and sewer functions as well as the activity of the Sarpy County Leasing Corporation are accounted for and reported as enterprise funds. The County currently has one internal service fund. Internal service funds provide services and charge fees to customers within the County organization. The County's internal service fund is used to account for the provision of health insurance benefits for employees and retirees on a cost reimbursement basis.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs. The County's fiduciary funds consist of custodial funds. The custodial funds are used to account for monies received, held, and disbursed on behalf of the State of Nebraska, cities, schools, fire districts, sanitary and improvement districts, other local governments and inmate deposits.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin immediately following the basic financial statements.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also includes other supplementary information such as tax reconciliation, statements of accountability for individual offices, schedule of revenues, expenditures, and changes in fund balances for non-

RECONCILIATION:

Total net change in fund balances for the governmental funds.	$ 6,666,098
Amounts reported in the governmental activities in the government-wide statement of activities are different because:	
Unavailable revenues represent funds not available in the current period and, therefore, are not recognized as revenues in the governmental funds.	1,768,306
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays of $31,522,713 exceed depreciation expense of $12,368,408.	19,154,305
Governmental funds do not report gains or losses from the disposal of capital assets. However, they do record the proceeds received from disposals of capital assets. This is the amount of losses incurred from the disposals of capital assets plus proceeds, if any.	(6,851,066)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. These include the changes in the following accounts from the prior year: compensated absences ($248,579); interest payable $27,630; OPEB liability ($441,063); intangible lease assets $1,435,701; intangible subscription assets ($394,522); pension related deferred outflows ($4,195,270); OPEB related deferred outflows $45,140; OPEB related deferred inflows ($34,435); pension related deferred inflows $1,333,954; net pension asset $3,473,552.	1,002,108
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term debt in the statement of net position. These include bond principal payments $7,395,000; amortization of bond premiums and discounts $234,645; payments on notes payable $165,616; lease financing ($1,658,839); lease payable payments $185,183; subscription payable payments $200,130.	6,521,735
Internal Service Funds are used by management to charge the costs of insurance to individual funds. The net revenue of certain activities of Internal Service Funds is reported with governmental activities in the government-wide financial statements.	1,016,258
Changes in net position of governmental activities.	$ 29,277,744

See Accompanying Notes to the Financial Statements.
