Amounts reported for governmental activities in the statement of activities are different because:	
Net change in fund balances - total governmental funds	12,882
Governmental funds report capital outlay as expenditures However, in the statement of activities, the cost of those assets is allocated over their estimated lives and reported as depreciation expense. This is the amount by which capital outlay expenditures exceeded depreciation expenses in the current period.	80,211
Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of principal is an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which repayments exceeded proceeds in the current period.	143,326
